

## Pupil Premium at Bredgar CEP School.

The pupil premium is an additional sum of money given to children receiving free school meals (in the past 6 years). It is stated by the Government that that pupil premium children are more likely to underperform at school and it is also suggested that they are linked to SEN.

The main aims of the pupil premium are to:

- Reduce the attainment gap between the highest and lowest achieving pupils.
- Increase social mobility.
- Enable more pupils from disadvantaged backgrounds to access the best education.

Schools are required to report how the Pupil Premium Fund has been spent, the impact of this and also details of how the current year's funding will be allocated.

Bredgar CEP spends the Pupil Premium supporting the needs of our vulnerable pupils in the form of:

- Extra tuition in Maths, Reading, Writing and GPS (with teachers). Throughout the year, progress of all pupils eligible for Pupil Premium is regularly tracked to ensure that priority is given if they are at risk of falling behind their peers or if their progress is not as expected.
- Additional teacher for Maths in KS2 to allow year group teaching in response to analysis of children's prior performance in Maths and through analysis of meeting the demands of the National Curriculum.
- A part time Pupil Premium Teaching Assistant who supports our vulnerable pupils with weekly reading, homework tasks, pastoral care and social skills, as well as support for specific students within certain lessons.
- Pupil counselling either in small groups or individually
- Rewards for children who reach significant reading milestones
- Targeted resources are purchased to support learning.
- Facilitating enrichment activities
- Facilitating motivational activities
